Shipping Extra

Order 110VAC or 220VAC

NOTE:

USA style AC Plugs are used regardless of voltage settings. You may need to adapt AC Plugs.

Photo is representation of a standard studio and does not depict actual equipment listed in package

The Signature Studio is as versatile as our 35 years of Radio experience allows it to be. We've been Air Talents as well as engineers, so when we approach building a production and recording studio for you, we design it so that we would be happy using it ourselves. This is the perfect "add on" studio for any of our pre-wired radio station packages. When you order, be sure and let us know how many feet of interconnect wire you would like to have so we can supply an output connection from the Signature Studio to the main Control Room. With this no charge option, you'll be able to feed audio over the air from the Signature Studio.

SIGNATURE STUDIO COMES COMPLETE WITH THE FOLLOWING ITEMS

1	Arrakis ARC 15 Audio Console	1	Graham Studios "Radio Desk", Pod
1	Production Computer & Flat Panel Monitor	1	Pair Powered Studio Monitor Speakers
2	CD/MP3/USB Play Decks	2	Microphone Boom Arms & Mounts
5	RODE Procaster Studio Mics	5	Sennheiser Headphones
1	Rolls RA62C Headphone Amplifier	1	JK Audio Innkeeper RX – One Line Hybrid
1	Recording Light & Console Interface	1	NCH Editing Suite Software
3	MS 7021B Floor Microphone Stands	1	JK Audio "BluePack" Remote Broadcast Gear
1	Box of Sound Foam (Choice of Color)	1	Portable SD Card Recorder

The EBS *Signature Production Kit*. All wires are supplied with shrink wrap labels making this a truly easy, plug and play studio kit. EBS engineers pre-set all levels and test every function.
