

THE PRODUCTION STUDIO

The Production Studio is a step up from basic. Since it is built by engineers who were former air talents, it was designed as if they would be using it.

This is the perfect "add on" Recording and Editing Studio for any of our pre-wired radio station packages.

We can match furniture design and colors!

The Production Studio Is Complete With The Following Items

1	Arrakis ARC 10UP Audio Console	1	Graham Studios "Radio Desk", w/ Pod
1	Rack Production Computer & Flat Panel Monitor	1	Pair Powered Studio Monitor Speakers
2	CD/MP3/USB Play Decks	2	Microphone Boom Arms & Mounts
2	RODE Procaster Studio Mics	3	Sennheiser Headphones
1	Rolls RA62C Headphone Amplifier	1	JK Audio Innkeeper RX Telephone Hybrid
1	Recording Light & Console Interface	1	NCH Editing Suite Software
1	SD Card Flash Recorder	1	JK Audio "BluePack" Remote Broadcast Gear
1	Box of Sound Foam (Blue Color)	-	Step By Step Assembly Instructions

The *Production Studio Kit*. All wires are supplied with shrink wrap labels making this a truly easy, plug and play studio kit. Our engineers pre-set all levels and test every function.
