**COMES PRE-WIRED FOR EASY RE-ASSEMBLY ANYWHERE IN THE WORLD.  
OUR "KIT" RADIO STATION IS BUILT IN OREGON USA FROM MAY-SEPTEMBER**

The "Alpha" is a great package for a small starter radio station! For LPFM use in the USA, you need to add an EAS Package. This is our lowest priced complete radio station "kit". It comes as a "plug and play" station and with our **export only** expansion package options, this little station can become a much larger and more powerful radio station.

**OUR LOWEST  
PACKAGE PRICE  
EVER!**
